

if you have received your first \$10 in your google account but still struggling to get your pin delivery then let me tell you that you are not the only one who is facing these type of headache.

If you don't know what i am saying then let me clear you. AdSense send you a pin once you have earned \$10 in your account. This Pin is unique for every AdSense account. They send it via courier to your registered address. Pin Verification is Compulsory to verify your address.

There is four month limit to verify your pin from the date you have generated your first pin. If you haven't entered within four months then all ads will be removed from your website. If you haven't received your Pin till four weeks then you need to request for new one. To find the date when you will be able to request a new PIN, log in to your account and view the **Account Settings** page under the **Home** tab.

How to Request for a New AdSense Pin?

1. login to your google AdSense account
2. click on gear icon at top right & select settings
3. in the left side click on **account information**
4. click the verify address link
5. Request for the new pin at the bottom of the page.

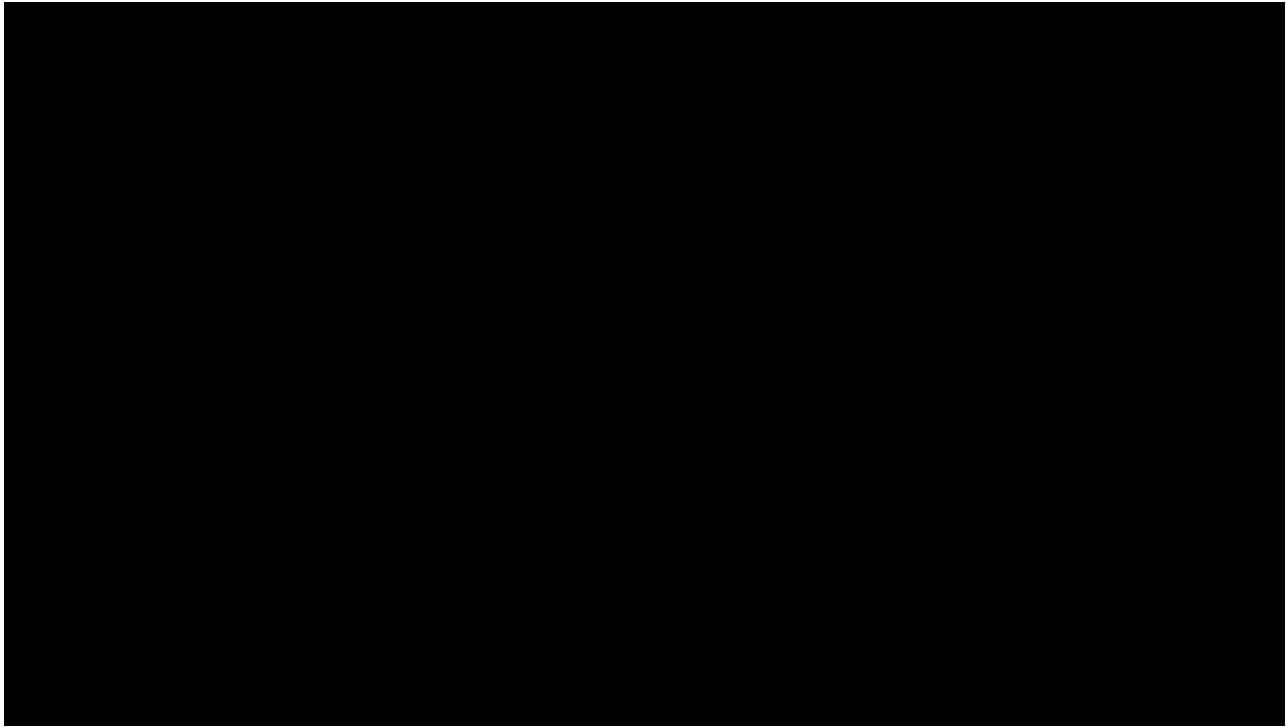

all the pins that are sent to your address are duplicate of your first pin so if you got your first pin then you can use it to verification

According to AdSense there are at . If you've requested your maximum of 3 PINs and haven't received any of them **within four weeks of your last PIN request**, Then you have the option to verify your account by uploading a Government approved ID card. **In the case of Indian users, you can use your Aadhar Card**. Do remember, the ID card that you would be using needs to have your address mentioned which should be the same as what you have mentioned when applying for AdSense account.
