jquery-migrate.js:21 JQMIGRATE: Logging is active
(index):427 Uncaught TypeError: $(...).flexslider is not a function
    at (index):427
    at dispatch (jquery.js:5226)
    at elemData.handle (jquery.js:4878)
```

requirejs-config

```
var config = {
    // When load 'requirejs' always load the following files also
    deps: [
        "/static/frontend///en_US/js/flexslider.js"
    ]
};
```

system loaded jquery after my js

```
var config = {
    map: {
        '*': {
            'flexslider': 'js/flexslider',
        }
    },
    paths: {
        'flexslider': 'js/flexslider',
    },
    shim: {
        'flexslider': {
            deps: ['jquery']
        },
    },
};
```
