

app/design/frontend///web/js/flexslider.js

```
flexslider.js:1218 Uncaught ReferenceError: jQuery is not defined
    at flexslider.js:1218
(anonymous) @ flexslider.js:1218
jquery-migrate.js:21 JQMIGRATE: Logging is active
(index):427 Uncaught TypeError: $(...).flexslider is not a function
    at (index):427
    at dispatch (jquery.js:5226)
    at elemData.handle (jquery.js:4878)
```

requirejs-config

```
var config = {

    // When load 'requirejs' always load the following uerys also
    deps: [
        "/static/frontend///en_US/js/flexslider.js"
    ]
};
```

system loaded jquery after my js

```
var config = {
map: {
    '*': {
        'flexslider': 'js/flexslider',

    }
},
paths: {
    'flexslider': 'js/flexslider',

},

shim: {
    'flexslider': {
        deps: ['jquery']
    },
};
```
