

if your sitemap is not generated automatically even after using **configuration setting in Stores -> Configuration -> Catalog -> XML sitemap** or via CRONJOB. Then can create it manually as well using below steps:

1. Login to Magento 2 admin
2. Navigate to **Marketing -> SEO & Search -> Site Map**
3. Click on **'Add Sitemap'**
4. Make required entries there
5. Click on **'Save & Generate'**

That's it. Your sitemap.xml has been generated in given path
